

## Instructions to authors

**Manuscripts** are accepted for review with the understanding that they describe original research performed by authors, that all authors approve of the submission, and that the manuscript is not being considered for publication elsewhere. By submitting the manuscript, the authors agree that, if accepted for publication, copyright of the complete article will be assigned to the publisher.

- Authors in **North America, Central America and South America** should submit their manuscripts preferably only in electronic format (e-mail attachment or disc copy) to **Dr. Kendall B. Wallace**, University of Minnesota School of Medicine, Department of Biochemistry & Molecular Biology, 10 University Drive, Duluth, MN 55812, USA, e-mail: toxamer@d.umn.edu. See below for instructions pertaining to electronic submissions.
- Authors in **Europe, Near East, Middle East, Far East, Japan, Australasia and Africa** should send their manuscripts in both, paper and electronic format **Prof. H.W.J. Marquardt**, Hamburg University Medical School, Department of Toxicology, Vogt-Koelln-Strasse 30 (Haus G), 22527 Hamburg, Germany; Tel: (+ 49)40 42883 2095, Fax: (+ 49)40 42883 2130.
- Manuscripts for the section **Immunotoxicology** are to be sent, in both paper and electronic format, to **Prof. J. Descotes**, Hôpital Edouard Herriot, Lyon Poison Centre and INSERM U503, 69437 Lyon, Cedex 03, France, e-mail: jacques.descotes@chu-lyon.fr.
- Manuscripts for the section **Environmental and Nutritional Interactions** should be sent, in both paper and electronic format, to **Dr. S.T. Omaye**, University of Nevada, Department of Nutrition, Fleischman Bldg, Room 113, Reno NV 89557, USA, or to **Dr. N.M. Elsayed**, GlaxoSmithKline Consumer Healthcare, New Products Research, 1500 Littleton Road, Parsippany NJ 07054-3884, USA.
- Papers for **Toxicology Information and Resources** should be sent, in both paper and electronic format, to **P. Wexler**, Toxicology Information Program, National Library of Medicine, 8600 Rockville Pike, Bethesda, MD 20814, USA.

**Review Articles:** Review articles or mini reviews are welcome particularly if they pertain to a topic of current interest. Prospective authors are encouraged to discuss their plans with the appropriate Editor.

### Paper copies (in English)

- typewritten, double spaced
- submitted in triplicate (original and two copies of both text and illustrations)
- organized as follows: Title Page, Abstract (100–200 words), Introduction, Methods, Results, Discussion, References, Tables, Figure Legends, Figures
- Your disk and (**exactly matching**) printed version (printout, hardcopy) should be submitted together to the accepting editor. In case of revision, the same procedure should be followed such that, on acceptance of the article, **the file on disk and the printout are identical**.
- Characters not available on your word processor (Greek letters, mathematical symbols, etc.) should not be left open but indicated by a unique code (e.g. gralpha, @, #, etc., for the Greek letter). Such codes should be used consistently throughout the entire text. Please make a list of such codes and provide a key. Do not allow your word processor to introduce word splits and do not use a 'justified' layout. Please adhere strictly to the general instructions on style/arrangement and, in particular, the reference style of the journal.

**Title Page** should contain a concise and descriptive title, authors' full names, professional affiliations, full mailing address including e-mail, identity of corresponding author, and a list of 3–6 keywords that include the full chemical name(s).

**Figures:** Line drawings (including graphs) should be drawn in black ink on white paper. Alternatively, sharp photoprints may be provided. The lettering should be large enough to permit photographic reduction.

- Half-tone illustrations may be included. They should be submitted as clear black-and-white prints on glossy paper.
- Colour illustrations will have to be approved by the Editors. All additional costs of colour reproduction will be charged to the author(s).

**Tables** should bear a short descriptive title and should also be typed on separate sheets.

**References** should be cited in the text by the authors' names and year of publication (Harvard system). Must consist of names and initials of all authors, year, full title of paper, abbreviated title of periodical, and volume and first and last page numbers.

- For books: authors' names and initials, year of publication, title of article, title of book preceded by 'In:', first and last page numbers.
- For edited volumes: Initial(s) and name(s), followed by '(Eds)', publisher's name and city, then first and last page numbers. Reference to a work by more than two authors should give the name of the first author only followed by 'et al.'
- References cited in the text should be given at the end of the paper, arranged in alphabetical order of first author.
- More than one paper from the same author(s) in the same year should be identified by the letters a,b,c, etc., after the year of publication.

Examples:

- Pereira, M.A. and Chang, L.W. (1981) Binding of chemical carcinogens and mutagens to rat hemoglobin. *Chem.-Biol. Interact.* 22, 301-305.
- Weisberger, E.K. (1988) Carcinogenic halogenated aliphatic compounds. In: P. Politzer and F.J. Martin, Jr. (Eds), *Chemical Carcinogens. Activation Mechanisms, Structural and Electronic Factors, and Reactivity*, Elsevier, Amsterdam, pp. 91-113.

**Electronic Manuscripts** have the advantage that there is no need for the re-keying of text, thereby avoiding the possibility of introducing errors and resulting in reliable and fast delivery of proofs.

- Both PC and Macintosh formats are acceptable. Authors should specify in their cover letter the format and version used for generating both the text and graphic files.
- Accepted formats are: Text (PDF, MS Word, or WordPerfect), Graphics (PDF, Adobe Photoshop or Illustrator, CorelDraw, or TIFF, Excel or JPEG graphics that have been cut and pasted as separate files in MS word). Further information on electronic submission of artwork may be obtained at <http://www.elsevier.com/locate/authorartwork>.
- Please specify the type of computer and word-processing package used.

**Authors in North America, Central America, or South America please note:** you are encouraged to submit the manuscripts electronically either as e-mail attachments ([toxamer@d.umn.edu](mailto:toxamer@d.umn.edu)) or on disk to the Managing Editor for the Americas. No paper version is needed. Note that this relates to manuscripts only for general articles, not for section articles.

**Authors in Japan please note:** Upon request, Elsevier Science Japan will provide authors with a list of people who can check and improve the English of their paper (*before submission*). Please contact our Tokyo office: Elsevier Science Japan, 9-15, Higashi-Azabu 1-chome, Minato-ku, Tokyo 106-0044; Japan; Tel. (+ 81) 3-5561-5032; Fax: (+ 81) 3-5561-5045; E-mail: [info@elsevier.co.jp](mailto:info@elsevier.co.jp).

**Animal Experimentation:** It is expected from the authors that they submit only data that have arisen from animal experimentation carried out in an ethically proper way. The Editors will not accept manuscripts which violate these principles.

**Proofs, Reprints and Author Inquiries:** One set of proofs will be sent to the corresponding author. No alteration of the substance of the text, tables or figures will be allowed at this stage. Corrected proofs should be returned to the publisher within two days of receipt. Fifty reprints are provided free of charge, and additional copies (minimum 100) can be ordered at prices shown on the price list accompanying the Reprint Order Form which will be sent with the proofs.

- For inquiries relating to the status of accepted articles through our Online Article Status Information System (OASIS), author Frequently Asked Questions, and any other inquiries relating to Elsevier Science, please consult <http://www.elsevier.com/locate/authors>.
- Contact details arising after acceptance of articles, especially those relating to proofs, are provided when an article is accepted for publication.

**Authors of Toxicology please note: there is no page charge for this journal.**
